□ 1152

Messrs. TONY GONZALES of Texas, COMER, and GIMENEZ changed their vote from "yea" to "nay."

So (two-thirds not being in the affirmative) the motion was rejected.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

PERSONAL EXPLANATION

Mrs. MURPHY of Florida. Mr. Speaker, I was unable to vote on rollcall Nos. 44 and 45 on February 9, 2022. Had I been present, I would have voted "yea" on rollcall Nos. 44 and 45.

REMOVAL OF NAME OF MEMBER AS COSPONSOR OF H.R. 1440

Ms. STEFANIK. Mr. Speaker, I hereby remove my name as cosponsor of H.R. 1440.

The SPEAKER pro tempore (Mr. CARTER of Louisiana). The gentleman's request is accepted.

SUPPORT AMERICAN ECONOMIC COMPETITIVENESS

(Ms. UNDERWOOD asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. UNDERWOOD. Mr. Speaker, investing in innovation is vital to strengthening America's economic and national security. That is why I supported the America COMPETES Act of 2022, which makes a historic investment in American technology and innovation.

This bipartisan bill addresses 21st century challenges by turbocharging the domestic production of semiconductors, increasing the manufacturing workforce, and investing in STEM education. I am proud that my amendment, which creates partnerships with local industries to tailor STEM education to local economic needs, was included in the House version of the bill.

This amendment will broaden the scope of STEM education and offer new opportunities in rural communities like much of my district. With transformative investments in some of Illinois' biggest industries, like manufacturing, education, energy, and biotechnology, the America COMPETES Act will strengthen the STEM pipeline in my district and across the country.

I am proud of this bipartisan effort to support American economic competitiveness and urge my Senate colleagues to act quickly to send this legislation to the President's desk.

FENTANYL CRISIS

(Mr. HARRIS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HARRIS. Mr. Speaker, we surpassed 100,000 overdose deaths this year, a 28 percent increase. The amount of fentanyl seized at our southern border—seized—is over 100 million pills and 11,000 pounds. Now, as a physician who has administered fentanyl, this is enough to kill hundreds of mil-

lions of Americans. The price of heroin is now down to \$20 a dose; the price of fentanyl down to \$2.

One stunning supply chain success this administration has under its belt is the fentanyl supply chain across our southern border. One place this administration has successfully fought inflation is in lowering the price of illegal opioids on our streets.

The latest effort by this administration to promote drug use is now to spend \$30 million to supply clean crack-smoking pipes to addicts.

Mr. Speaker, just say no.

□ 1200

ACTING ON HUMANITARIAN CRISIS IN SYRIA

(Ms. NEWMAN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. NEWMAN. Mr. Speaker, I rise today because there is a humanitarian crisis in Syria right now. For the past 2 years, there have been tens of thousands of Syrians in the Rukban settlement suffering from not only starvation but a lack of medical care.

The last remaining UNICEF clinic in this encampment closed in March 2020, right at the onset of the global pandemic. Since then, thousands in the camp have tested positive but have nowhere to quarantine. They don't have access to vaccines. They don't have access to medical care. They do not have access to clean water.

With Russia and the Assad regimes preventing aid from reaching the camp, I am calling on the U.S. to implore immediate action to intervene and help.

We have a fundamental obligation to save thousands of Syrian lives.

CONGRATULATING SHARON HUGHES FOR 20 YEARS OF SERVICE

(Mr. DAVIDSON asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DAVIDSON. Mr. Speaker, I rise today to congratulate and thank Sharon Hughes for her 20 years of service to the Eighth District of Ohio.

Sharon was born in Marion, Ohio, and attended Bowling Green State University. She worked for Congressman John Boehner from 2002 to 2016, and she has been a dedicated staff member in my office since 2016. She served as a caseworker and office manager, and also directed the military academy nomination process with excellence, and the Congressional Art Competition with excellence as well.

Outside of her congressional work, she also served in several leadership roles for the Butler Philharmonic Orchestra.

During her 20 years of service to the Eighth District of Ohio, Sharon has made a difference in the lives of countless constituents, including assisting in

securing Federal benefits; solving tax return problems; and acquiring service records, passports, and military service-connected disability compensation.

I thank Sharon so much for everything that she has done for Ohio's Eighth District. May she enjoy her well-earned retirement.

REMEMBERING BRIGADIER GENERAL CHARLES MCGEE

(Ms. PRESSLEY asked and was given permission to address the House for 1 minute.)

Ms. PRESSLEY. Mr. Speaker, I rise today in honor and remembrance of legendary retired Air Force Brigadier General Charles McGee, who peacefully departed on the morning of January 16, 2022. He was 102 years young and one of the last surviving Tuskegee Airmen.

Charles McGee lived a full and beautiful life of bravery and perseverance. He was the embodiment of hope and service.

As a Tuskegee Airman, he made history as one of the first Black military aviators, breaking the color barrier in the armed services during World War II and flying 409 fighter combat missions in three wars.

In addition to his life of service, Mr. McGee created an enduring legacy through the family that he grew. He married the love of his life, Ms. Frances Nelson, in April 1942. The two would go on to be married for more than 50 years.

He is survived by his 3 children, Charlene, Ronald, and Yvonne; 10 grandchildren; 14 great-grandchildren; and 1 great-great-grandchild.

Black history is American history, and Charles McGee is an American hero. General McGee's legacy will live on through the pages of our history, the incredible family he created, and the lives he touched, including my own.

Mr. Speaker, to our General, our beloved Papa Gee, I pray that he rests in peace and power, reunited with his love, Frances, with the wind forever at his back and the clearest blue skies ahead.

REMEMBERING DWIGHT L. CLEMENTS

(Mr. FORTENBERRY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FORTENBERRY. Mr. Speaker, today, I would like to speak about a great Nebraskan and a great American. His name is Dwight L. Clements. He died last week at 102 years old.

Dwight Clements was born in Elmwood, Nebraska, and he went on to study at the University of Nebraska and got a degree in business.

But this is the interesting part, Mr. Speaker: His education was disrupted by World War II, where he served as an Army combat engineer in France until the war ended in 1945.

After the war, Dwight earned his law degree at the University of Nebraska and then returned to small-town Elmwood to work at the family-owned American Exchange Bank and to join the law firm with his father, Clements Law Firm. He continued in banking and law until he retired in 1985.

But this is the point, Mr. Speaker: Dwight Clements was a humble, dutiful, small-town Nebraskan. But as a member of the Greatest Generation, he served something far larger than himself. Through his sense of duty, selflessness, sacrifice, and patriotism, he represented the kind of person that not only holds Nebraska together but holds America together.

May he rest in peace.

RECOGNIZING THORNTON FIRE DEPARTMENT

(Mr. PERLMUTTER asked and was given permission to address the House for 1 minute.)

Mr. PERLMUTTER. Mr. Speaker, I rise today to recognize and honor the Thornton Fire Department in Thornton, Colorado, for earning the 2021 Congressional Fire Services Institute's Masimo Excellence in Fire Service-Based EMS Award, which is given annually to the top fire department in the country.

Throughout the COVID-19 pandemic, the Thornton Fire Department has gone above and beyond to serve their community. As part of their efforts, they created a Pandemic Response Team that has conducted over 20,000 COVID tests for public employees, senior citizens, first responders, and other community members. When vaccines became available, the Pandemic Response Team expanded their services to administer over 80,000 vaccinations at drive-through sites for city employees and other community members.

The Pandemic Response Team's success led other fire agencies around the country to look to Thornton as a model for how to effectively respond to the challenges of COVID-19.

In a very difficult year for fire and emergency services, the Thornton Fire Department's innovative approach to a rapidly changing public health crisis is something we should all thank them for and model.

FACING FOREIGN AND DOMESTIC WEAKNESS

(Mr. CAREY asked and was given permission to address the House for 1 minute.)

Mr. CAREY. Mr. Speaker, I rise today as our Nation faces major foreign and domestic challenges brought on by the weakness of the Biden administration.

The border crisis, the botched withdrawal from Afghanistan, the failure to hold China accountable, the green-lighting of the Nord Stream 2 pipeline, and "minor incursion" remarks have sent signals of weakness to our global

adversaries. That weakness is now being tested as Russian aggression threatens the sovereignty of our strategic partners in Ukraine.

This threat to Ukraine is also a threat to democracy. Ukraine needs our support to defend itself. That means sending a strong signal by supporting more military and security equipment, as well as immediate financial, economic, and energy sanctions against the Russians.

At this time, our national sovereignty has been betrayed by the administration. Illegal immigrants and drugs are flowing across the southern border at a record pace.

We must act to secure our borders and support Ukraine. Failure to do so will weaken our national security for years to come.

ADDRESSING AMERICA'S FENTANYL CRISIS

(Mr. DEUTCH asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DEUTCH. Mr. Speaker, last year, more than 100,000 Americans died from drug overdoses, 60 percent of them from fentanyl. These were mothers and fathers. They were relatives, neighbors, friends. One was my nephew Eli.

Eli died from an unintentional fentanyl overdose, using a legal herbal supplement that had been laced with fentanyl. He would have turned 21 tomorrow.

What happened to Eli is not unique. Young people on social media who think that they are buying Adderall or Xanax are being sold fentanyl-contaminated counterfeits.

It is the responsibility of every Member of Congress to acknowledge that fentanyl is killing our constituents everywhere in America.

We know that the chemicals to develop these drugs originate in China. They are shipped to Mexico and flood our country.

We know that social platforms are capable of changing their algorithms to cut dealers' access to buyers, and we know that fentanyl test strips save lives but remain illegal in too many States.

Mr. Speaker, we can address these challenges. It is how we ensure that our kids, other kids like Eli, aren't lost and don't miss the opportunity to celebrate their 21st birthday.

RECOGNIZING TURNER SYNDROME AWARENESS MONTH

(Mr. FEENSTRA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FEENSTRA. Mr. Speaker, I rise today to recognize Turner Syndrome Awareness Month and my constituent, Nicole Cleveland, for bringing attention to this little-known disease.

At birth, Nicole was diagnosed with TS and was told she may never walk.
